

## **BMG launches Professional Liability for Canadian International Coach Federation Members**

In addition to the existing coverage for ICF members in USA, UK and Eire, we are delighted to announce that the ICF Canadian program is scheduled to roll out on Monday 14<sup>th</sup> January 2008. There have been a number of delays caused by factors beyond our control, but our programmers are working flat out to ensure the service is available in English on the 14th. Our apologies to French speakers – the French version is scheduled to follow very shortly, so please bear with us.

The Canadian program mirrors the USA program features in all but minor detail – in \$CAN of course.

This has been arranged by BMG in conjunction with Westminster Indemnity Ltd (an ICF Resource Partner) and Bourgon Insurance, Inc., Huntingdon, Quebec.

Coverage is available on-line at: <http://insurance-coachfederation.com>

### ***Coverage details:***
